Vexcon's Specialty Cleaners and Strippers

Vexcon formulates and manufactures a complete range of products to properly clean, prepare, protect and maintain all types of surfaces. Use for successful and faster installation of surface protective treatments on new and existing horizontal and vertical surfaces.

Strippers

Certi-Vex Concrete Stripper

Removes coatings from concrete surfaces.

Heavy Bodied | Economical | Clean with Water

Certi-Vex Concrete Stripper is ideal for removing many types of coatings such as sealers, curing compounds, urethanes and epoxies from concrete and masonry, and also easily removes waxes and adhesives. After use, Certi-Vex Concrete Stripper is emulsifiable with water and general cleaners to yield a stripped concrete surface that is clean and ready for subsequent treatments. Use Certi-Vex Concrete Stripper Vertical for vertical applications.

Application: Apply with brush, squeegee, roller or airless sprayer

Packaging: 1 gallon container, 5 gallon pail and 55 gallon drum

Coverage: 75-150 square feet per gallon

StarSeal EF Stripper

An eco-friendly, industrial-grade coating remover for a variety of surfaces.

Heavy Bodied | Soy-Based | Professional Grade

Eco-Friendly | Low Odor | Clean with Water

Our premium, all natural soybean-based stripper safely removes paints, varnishes, urethanes, epoxies, sealers, acrylics, floor waxes, adhesives and curing compounds from concrete, masonry, brick, stone and wood. StarSeal EF Stripper penetrates deep to remove multiple layers of vertical and horizontal coatings using less material than traditional stripping products. Save on time and cost with this easy-to-use, single application, low-odor stripper.

Application: Apply with brush, squeegee, roller or airless sprayer

Packaging: 1 gallon container, 5 gallon pail and 55 gallon drum

Coverage: Approximately 200 square feet per gallon

These Vexcon products are specially formulated to be environmentally friendly while maintaining high performance.

All Purpose Cleaners

Certi-Vex Super Degreaser & Cleaner

Powerful cleaner to safely remove grease and oil stains, tire marks and dirt from concrete surfaces.

Industrial Grade | Economical | No Soap Scum

This industrial grade cleaner is based on natural pine oil and is enhanced with detergents, wetting agents and specialty solvents specifically formulated to clean grease and oil stains, tire marks and dirt from all concrete surfaces. Certi-Vex Super Degreaser & Cleaner rinses clean without leaving a soap residue film. Can be diluted for use as an economical daily or weekly cleaner for lighter duty applications.

Application: Apply with squeegee, brush, mop or floor scrubber

Packaging: 1 gallon container, 5 gallon pail and 55 gallon drum

Coverage: Application rates vary

StarSeal EF Degreaser & Cleaner

An eco-friendly professional strength cleaner.

Soy-Based | Eco-Friendly | Easy Water Clean-Up

Our all natural industrial grade daily and surface preparation cleaner will effectively and safely clean grease and oil stains, tire marks and dirt from concrete, masonry, brick, stone, vinyl flooring and tile. StarSeal EF Degreaser & Cleaner is eco-friendly, low odor and easily rinses with water. Dilute for use as a daily or weekly cleaner for lighter duty applications.

Application: Apply with squeegee, mop, brush or floor scrubber

Packaging: 1 gallon container, 5 gallon pail and 55 gallon drum

Coverage: Application rates vary

StarSeal EF Neutralizing Rinse & Cleaner

Clean and neutralize surfaces to prevent coating adhesion failures.

Eco-Friendly | Controlled ph and Alkalinity | Phosphate Free

The easy and safe way to neutralize harmful acid residue from surfaces before applying a coating or penetrating product. StarSeal EF Neutralizing Rinse can be used on all concrete, brick, tile, stone and masonry when acid has been previously used in cleaning, etching or staining processes. Ideal neutralizing solution for acid stained and etched floors to effectively control ph and alkalinity to safe levels. Can also be used as a light duty, eco-friendly, phosphate free cleaner.

Application: Apply with a squeegee or mop

Packaging: 3 lb jars and 50 lb. pails

Coverage: Dissolve 8-10 oz. per gallon of water

Specialty Cleaners

Certi-Vex Concrete Etch & Efflorescence Remover

Quickly removes efflorescence.

Non-Fuming | Improves Sealer Penetration | Economical | Water Rinseable

Use this economical general purpose acid etch to effectively remove efflorescence, concrete laitance, mortar smears as well as atmospheric, rust and other construction stains. Safely add depth to colors, brightens white matrices and expose aggregate. Opens up the concrete surface pore structure for better application of penetrating products. Non-fuming, contains no muriatic acid and is safe for most pigmented concrete and colored mortar.

Application: Apply with a masonry washing brush or low-pressure spray

Packaging: 1 gallon container, 5 gallon pail and 55 gallon drum

Coverage: Application rates vary

StarSeal EF Safe Etch

A safe to use, non hazardous interior/exterior, surface etch material specifically formulated to prepare the surface prior to final product application.

Eco-Friendly | Zero VOC's | Improves Adhesion

Designed to etch bare concrete and masonry surfaces to improve adhesion of Vexcon coatings and penetration of surface treatments.

Certi-Vex Concrete Rust & Stain Remover

Quickly removes rust, leaf and berry stains and hard water scaling.

All Concrete Surfaces | Vertical and Horizontal

Effectively removes rust stains as well as hard water scaling and efflorescence from concrete, pavers, decorative rock and stucco. Ready-to-use, it also removes leaf, grass and berry stains.

Application: Apply with sprayer

Packaging: Quarts and gallons

Coverage: Application rates vary

StarSeal Graffiti Cleaner

Ideal for cleaning uncoated and coated surfaces of unsightly graffiti.

Professional Grade | Eco-Friendly

A premium, all natural soy-based cleaner that effectively and safely removes paints, varnishes and acrylics from concrete and masonry surfaces.

Application: Apply with brush or airless sprayer

Packaging: 1 gallon container, 5 gallon pail and 55 gallon drum

Coverage: Application rates vary, depending on thickness

StarSeal FC Floor Cleaner

Salt and laitance cleaner for fresh concrete.

Zero VOC's | Safe Water-Based Formula | High Strength

Our heavy-duty cleaner is ideal for safely removing laitance and surface salts (residue often encountered after curing blankets have been removed) from newly poured concrete floors. Proper cleaning and removal of laitance and salts is necessary for the application of surface treatments such as liquid densifiers. A ready-to-use, water based solution that is safer than other types of acidic cleaners and will not damage cement paste.

Application: Apply with acid resistant sprayers and automatic floor scrubbers

Packaging: 5 gallon pail and 55 gallon drum

Coverage: Approximately 400 square feet per gallon

StarSeal Masonry & Brick Cleaner

Easy-to-apply cleaner that is safe for new and existing masonry and brick installations.

Fast and Effective | Safe for New Brick and Masonry

Water Rinseable

Our specially designed cleaner effectively removes efflorescence, concrete laitance, mortar smears as well as atmospheric dirt, rust and other construction stains. Improves brightness, depth and uniformity of colored concrete and masonry, and is safe to use on new brick, pavers, colored and gray masonry and concrete and stone surfaces. Fast and easy to apply without acid burning or streaking. Non-fuming, contains no muriatic acid and improves penetration of protective treatments.

Application: Apply with a masonry washing brush or low-pressure spray

Packaging: 1 gallon container, 5 gallon pail and 55 gallon drum

Coverage: Application rates vary

Certi-Vex Concrete Remover

Clean and maintain construction equipment

A premium, chemically active concrete equipment cleaning and maintenance treatment.
